Hi Andrew,

For the CPS XLT visit to Midi end of September we are preparing and outside activity with an external company called Riality Lab

We will talk about Gen AI, prompt Engineering, Digital Twin, etc...

They would like to contact with you to better understand what we do with Sara, how prompt work for us, what are the models etc... same for the Digital Twin pilot with Microsoft in Puerto Rico

We already got a call with Erica and Datra, they proposed to meet with you as you'll be more technical 😊

Thank you in advance for your time,

Kind regards,
